Merry Christmas

Pictured below side by side is the old tube type transmitter with the phase master power converter (in the background) and it's replacement, in the rack on the bottom; our brand new solid state transmitter.

What a difference in technology! On Saturday, December 2nd, we shut down the old transmitter along with the phase master power converter needed to supply power to the old unit. These units constantly ran and used an incredible amount of electricity. For years, KJIR broadcast the Gospel of JESUS

CHRIST using this equipment. In the last few years, the old transmitter developed issues that would have required a substantial investment to fix. Looking to the future, we believed it was time to retire the old equipment, which required much maintenance and money to operate, so at approximately 11:50am on December 2nd we went on air with our new unit. This unit is solid state (no tubes) and produces little heat which will be easier to cool, especially in the summertime. It requires less maintenance, less room, less electricity and still puts out as much power as the old transmitter.

Praise GOD we are on the air with the new transmitter!

Merry Christmas to all the listeners of KJIR Radio!

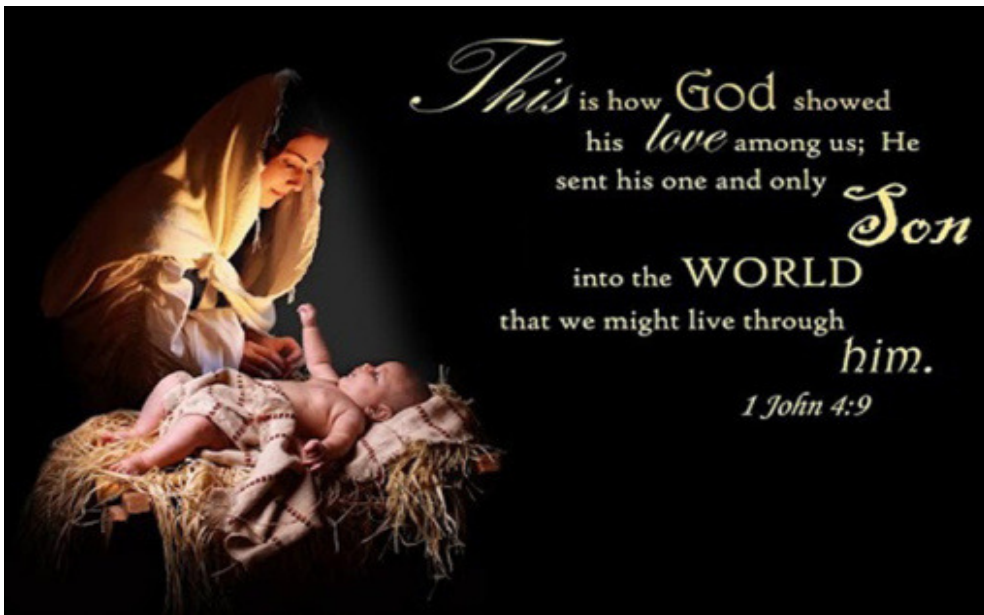

Thank you, our listeners, for supporting KJIR with your prayers and gifts to help keep us on the air.

I have a question to ask you as you read this. Is there anything our Lord has asked you to do this past year and you didn't do it? It's not too late to obey. Go and do it now. Is there any person you need to forgive or maybe you need forgiveness from. Go make it right with them before the year is gone. Opportunities, to do right, to make right, to fix that which is broken, like relationships between family, friends, co-workers, church family and the Lord should never be wasted. 2018 is just a few days away. Make that phone call to the person that needs to hear from you. Take the first step towards mending a broken heart. KJIR's call letters stand for King Jesus Is Returning. Our Lord is coming again and you and I can't hear it enough. The things of this world seem to dull our hearing. There is an urgency of the hour and we need to hear. Now is not the time to tear down our barns and build bigger ones. But now is the time to build the kingdom of God. The church (you and I) are God's mouthpiece here on the earth. We "the church" are God's arms extended, His feet, God works through the church to do His work, to accomplish His purposes. Let's make a fresh commitment to the Lord for the New Year coming up. Christ is soon to return and He will take them that are looking with one eye for His return and the other eye on the plow, doing and obeying His words.

Our prayer for you is that God would save your family and also that you would be a bold testimony to the Lord in this time when testimonies to the Lord are hard to find.

All of us at KJIR thank you again for your prayers and Merry Christmas and a Happy New Year.

In Christ,
Pastor Ken Geisendorfer

What can I give Him,
Poor as I am?
If I were a shepherd,
I would bring a lamb;
If I were a wise man,
I would do my part:
Yet what I can I give Him,
Give my heart.
Christina G. Rossetti
