March 2019

Hello to all of our KJIR partners. Your support makes it possible for KJIR to broadcast Christian music that relays the timeless truths of THE GOSPEL of JESUS CHRIST. The world we live in desperately needs The Light Of JESUS because it is so dark. Can you imagine a world without JESUS? It would be like a desert with no water, a sky with no sun, an atmosphere without oxygen. In other words a world that would not support life. When something is in short supply it becomes very valuable. Take for instance water, now water is essential for life and we recognize our need for it, but in our homes we can go to the sink and turn on the faucet and not give much thought to how much water we are using or even wasting because in most cases it's not in short supply. Now imagine yourself walking through a desert and all you had was a gallon of water. I guarantee, you would not waste one drop of water! Why? Because it's in short supply and without it you are going to die.

That one gallon of water has become precious and very valuable because every drop is needed. In the account of Samuel The Prophet when he was a boy we read: **And the child Samuel ministered unto the LORD before Eli. And the WORD of the LORD was precious in those days; there was no open vision.**

(1 Samuel 3:1)

As Christians we value the WORD of The LORD but the point of this verse is there was so little of the hearing and the giving of the Message of GOD that it was described as precious! The secular world we exist in does not support spiritual Christian life, it's like a desert that we must pass through every day. Therefore whatever produces or maintains Christian Life is precious. This is why prayer, study of the scriptures, and church attendance are vital to our existence as Christians in this in this world. Scripture says, **According as His divine power hath given unto us all things that pertain unto life and godliness, through the knowledge of him that hath called us to glory and virtue: (2 Peter 1:3) GOD**

hath called us to glory and virtue: (2 Peter 1:3)

GOD has given us the tools to navigate through this lifeless environment. The number one gift that GOD has given is THE HOLY GHOST. Add prayer, the scriptures, and church attendance then you have conditions conducive to spiritual growth and life. Christian radio is another tool that GOD has blessed us with to help create conditions of life. Driving here or there, at work, at play, fixing supper, working in the garage, or simply relaxing at home we can hear GOD honoring Christian music. It's during the everyday mundane activities of life that we especially need to hear that GOD loves us, that GOD cares for us, that GOD hears our every cry, that we are forgiven, that there is mercy, and that there is hope. Christian radio provides this 24 hours a day, seven days a week! How precious is that! When we are passing through the desert of this life KJIR is there when you need it, and your financial support makes it all possible. Don't stop giving, because you

Michael Concludes...

don't know how many lives your support has touched and will continue to do so. It's like water in the desert, so precious and so needed.

THANK YOU FOR YOUR GIVING!!
